# THE STORY OF

Hibachi is a North American term referred to Japanese "teppanhaki-style" cuisine that uses an iron griddle to cook steak, chicken, shrimp, yakisoba (noodles), and okonomiyaki (cabbage with sliced meat or seafood). These hotplates are integrated into tables around which guests can sit and eat at once. The chef performs the cooking in front of his guests with great theatrical flair, delighting everyone with his skillful, handy work with knives and spatulas, flipping food into his hat and lighting a volcano of stacked onions on fire in the shape of Mount Fuji.

Your family, friends, and especially the children, will be amazed as our chefs transform the art of cooking into a performance of speed, juggling agility, and creativity as he magically mixes ingredients into your prepared fried rice and noodles.

"Thank you for dining with us at IJJI 2 Sushi & Japanese Steakhouse. We will surely entertain you and your guests with a delicious, unforgettable show. We look forward to seeing and serving you again."
